

Seedlings & Sprouts Program

&

Draw and Paint

Develop essential life skills through drawing and art classes. Students will practice principles of the SRD Ready To Learn syllabus. The skills practices through this specially designed program provide children with the opportunity to gain key developmental skills that they will utilize each time they are exposed to a new activity, learning environment or challenged with a new motor skill task. Draw and Paint is a structured art program encouraging young children to express themselves in a creative manner while developing their fine motor skills.

- Table Time ~ Introduction to drawing and painting tools
- Understand, identify and draw basic shapes ~ Focus on step by step instructions and tasks
- Develop fine motor skills ~ Learn principles of handwriting skills
- Develop communication skills ~ Practice social skills
- Increase self-confidence ~ Create imaginative works of art and share with others
